

Flat Deck 2 Axle - 48 Foot

Special Features:

- Sliding suspensions.
- Full tarp protection available.
- Aluminum floors with nailing strips.
- Suitable for maximizing loads in the United States.
- Air Ride.

Dimensions:

Length..... 48' 0"
 Height 58"
 Width 102"
 Weight 11,460 lbs.

Flat Deck 3 Axle - 48 Foot

Special Features:

- Sliding suspensions.
- Wooden floors.
- Pull out over-dimensional lights and plug ins.
- Built in weight air gauges.
- Interchangeable 4' sides.
- Full tarp protection available.
- Suitable for maximizing loads in Canada.
- 72" axle spread.
- Air ride suspension
- Tridem axles increase weight carrying capacity.

Dimensions:

Length..... 48' 0"
 Height 58"
 Width 102"
 Weight 13,020 lbs.
 Weight with bunks & dunnage 14,617 lbs
 King Pin setting..... 36"

Flat Deck 2 Axle - 53 Foot

Special Features:

- Sliding suspension; 48" slide range.
- Wooden floors.
- Pull out over-dimensional lights and plug ins.
- Air ride suspension.
- Built in weight air gauges.
- Full tarp protection available.
- Suitable for maximizing loads in the United States.

Dimensions:

Length..... 53' 0"
 Height 58"
 Width 102"
 Weight (Units 63000 to 63019)..... 11,177 lbs.
 Weight (Units 63020 to 63034)..... 11,160 lbs.
 Weight (Units 63035 to 63054)..... 11,299 lbs.

Drop Deck 2 Axle - 48 Foot

Special Features:

- Drop feature allows for the safe transport of higher loads.
- Wooden floors.
- Pull out over-dimensional lights and plug ins.
- Built in weight air gauges.
- Full tarp protection available.
- Suitable for maximizing loads in the United States.
- Air ride suspension
- Equipped with aluminum bunks for full length materials.

Dimensions:

Upper Deck Length.....11'
 Lower Deck Length.....37'
 Upper Deck Height.....58"
 Lower Deck Height.....41"
 Width.....102"
 Weight.....11,200 lbs.

Flat Deck 3 Axle - 53 Foot

Special Features:

- Sliding suspensions.
- Wooden floors.
- Full tarp protection available.
- Suitable for maximizing loads in Canada.
- 60" axle spread.
- Air ride suspension.
- Tridem axles increase weight carrying capacity.

Dimensions:

Length.....53'
 Height.....55"
 Width.....102"
 Weight.....15,300 lbs.
 King Pin setting.....18"

Flat Deck 3 Axle - 53 Foot

Special Features:

- Sliding suspensions.
- Wooden floors.
- Interchangeable 4' sides.
- Full tarp protection available.
- Suitable for maximizing loads in Canada.
- 60" axle spread.
- Air ride suspension.
- Tridem axles increase weight carrying capacity.

Dimensions:

Length.....53'
 Height.....49 1/2"
 Width.....102"
 Weight.....15,000 lbs.
 King Pin setting.....36"

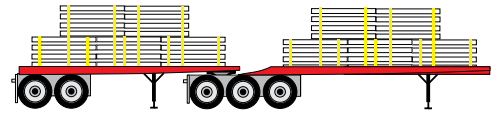

Flat Deck 5 Axle - B-Train

Special Features:

- Full tarp protection available.
- Super B-Train configuration allows for additional weight carrying capacity.
- Optional swivel bunds can be placed on the decks in order to transport over-length loads.
- Interchangeable 4' sides.
- Rear trailers are equipped with sliding suspensions.

Dimensions:

Lead Deck Length	29' 0"

Lead Height	58"
Pup Height	58"
Deck Width	102"
Train Weight	20,650 lbs.
King Pin setting	36" on the lead

Drop Deck 5 Axle B-Train Roll Tarps

Special Features:

- Complete roll tarp system.
- 24" rack spacing.
- CIW adjustable A-Frames (3 sets of 3)
- Air ride
- Aluminum bulk heads
- 72" toolboxes

Dimensions:

Lead Trailer:

Overall length	40' 11"
Deck length	34'
Axle spacing	61"
King Pin	42"
Width	8' 6"
Weight	16,000 lbs

Pup Trailer:

Overall length	28'
Deck length	28'
Axle spacing	49"
King Pin	15"
Width	8' 6"
Weight	11,200 lbs

A-Frame Glass Rack System Weight = 2,100 lbs Lead & Pup

Stepdeck - 53 Foot Container

Dimensions:

Overall length	53'
Deck length	52' 6"
Upper deck height	11"
Rear deck height	41"
Width	102"
King Pin	24"

Trombone Stepdeck Trailer

Special Features:

- 2006 Thru-way Trombone Stepdeck Trailer
- Length increases from 48 ft to 71 ft
- 2 sets swing out lights
- Front and rear lower roller assemblies
- Top roller assemblies
- 7" standard live roll with cable savers

Double Drop Deck

Special Features:

- 2 axles

Dimensions:

Height 3'
 Length 46' 11"
 Width 8' 06"
 Empty weight 13,500 lbs

Drop Deck 5 Axle B-Train

Special Features:

- Full tarp protection available.
- B-Train configuration allows for additional weight carrying capacity.
- 61" Axle Spread

Dimensions:

Deck Height on Gooseneck area.....60"
 Lower Deck Area Height46"
 Lead Trailer Length32'
 Pup Trailer Length28'
 Total Length62'
